All **NRA Basic Classes** are beginning, 8-hour, hands-on classes & there are no prerequisites. Just come to class alert, ready to learn, and ready to have fun. NRA course materials are provided, and certificates are awarded upon successful completion of each class.

The Classroom & Range are on the IWLA Rockville Chapter property in Germantown, MD.

A lot of people take these classes that don't own a gun and are looking for guidance, which we provide. Most of the students are beginners or have been away from firearms for a long time and want to get refreshed on safety, gun handling, and the Fundamentals of Shooting.

Some students have never touched a gun before the class & end up being a pretty good shot by the end of the range time. Everyone looks forward to going to the range and we make sure it is a safe, educational, enjoyable experience that boosts each student's confidence.

All class presentations are delivered by a group of NRA Certified Instructors. All range time has 1:1 coaching by experienced instructors and even some competition shooters & national champs.

Continental Breakfast, Lunch, Snacks, and Beverages provided for all classes as appropriate.
